

# Funkyrhino Website Design: **Website in a Box**

**From £349.95**, This includes the design and upload of your website & one year web hosting\* with FREE basic updates.

- A portfolio website consisting of up to 10 pages.  
A portfolio website is a site with information about your company or subject, such as a gallery of your skills, previous work, services and contact information.
- Website is designed in accordance with your company/subject branding.
- Complete domain name registration\*\* and setup.
- 500MB of web space.
- One feedback form.  
A form which allows the viewers of your website to write to you directly from your website to your email address, while keeping your email address hidden from Spammers.
- Email account setup. (5 Accounts).
- Website submission to main search engines including Google.
- FREE basic updates every year.  
Free basic updates are available after each annual hosting renewal. These updates include text editing/removing/adding and image editing/removing/adding. Updates such as adding a new section to the website will incur further costs.
- Telephone support service.
- Website incorporates search engine optimisation coding.
- Website built to WC3 XHTML 1.0 standards.
- Basic image editing and optimisation.

\* The annual fee for hosting your website (including domain name renewal costs) is £99.95. This also includes FREE basic updates every year.

\*\*Price includes *.co.uk* or *.org.uk* domain name. Add £10 per year for *.com .org* or *.net* domains.

## **Website ADD-ONS**

There is a range of extra features you can add to your site to make it stand out from the crowd, such as:

- Flash animated website intro or home page.
- Flash image slideshows.
- Flash image galleries.
- Video & Multimedia playback.
- Paypal for online payments.

All ADD-ONS vary in price depending on specific requirements.

More complex websites can be developed for your company or subject, for which prices depend completely on the scale and complexity of the website.
